

Commission accurate documentation to inform estate management i.e. room schedules, site plans

Accurate documentation is the cornerstone to effective asset management. Condition data, energy usage, room schedules and compliance certificates are all part of the information presented to Governors and Trustees and could be the basis upon which you bid for funding. A comprehensive suite of robust data is a useful tool for schools to call upon at different times.

The Schools Team can commission or provide the following:

- ❖ Condition surveys
- ❖ Room schedules & floor plans
- ❖ Access audit
- ❖ Net capacity assessments
- ❖ Secondary curriculum analysis schedule of accommodation
- ❖ Tree surveys
- ❖ Ecology surveys
