

## **Regular reports for Senior Managers, Governors and Trustees**

As part of our support for developing AMPs and/or Access Plans, we can provide regular reports for Governors and Trustees on the following topics as required:

- Estates Strategy – including a 3/5 year Asset Management Plan and a School Access Plan
- Opportunities for funding – SCA; CIF; SALIX etc.
- End of Year Summary Report on works complete and plan updates

The Schools Team can provide these reports in advance of meetings and present to Board meetings if required.
