

Bid Writing

Schools and MATs will know the importance of maximising funding opportunities. The Schools Team can help identify new opportunities and compile bids for known cyclical funding rounds. We have a clear understanding of the criteria for Condition Improvement Funding (CIF) and a proven successful track record in bidding for government grants. Our successful bids include:

- Early Years Capital Fund
- Building Schools for the Future One School Pathfinder
- Annual School Capacity Survey

The Condition Improvement Fund for 2018 is now open for applications. For 2018/19, Academies and small MATs can also apply for Healthy Pupils Capital Funding (HPCF) through CIF. The Schools Team can help you with the application process. We can also help with energy efficiency loans including SALIX and Net Zero Buildings.

Important factors to consider when formulating your bid:

- Accurate surveys
- Clear and concise reports
- Clear scope of works
- Legislation requirements
- Full specification
- Partner with consultants with a proven track record
- Pre-bid tendering
- Matching the project to the grant criteria

For further information on bid writing please contact the Schools Team for a bespoke quotation.
